SOLUTIONS AND SERVICES

About Ennoble First

Ennoble First is a high-tech minority owned corporation with a SBA 8(a) certification, providing innovative, transformational solutions for a variety of industries worldwide. At Ennoble First, we deliver high quality, integrated solutions while building synergistic and high performance teams that include our customers, suppliers, and employees. We offer managed complementary solutions tailored to our customer needs from a variety of solution models. Our strategic relationships with major technology vendors enable us to address diverse problem areas efficiently while keeping pace with technological advances.

Experience

Our experience in the industry is mostly gained from managing challenging programs for large Top 50 government and commercial OEMs. We combine this large scale experience with the agility of a small business, enabling us to provide cost effective solutions for our customers. Our expertise in case management combined with fraud, waste, and abuse knowledge using Big Data and high efficiency customized predictive data Analytics is without parallel.

Proven Methodology

The Ennoble First delivery model is an end-to-end integration model following a combination of Agile and Waterfall methodologies with a proven record of accomplishment. The Ennoble First process structure enables us to assist our customers in all stages of deployment.

Our best practices enable us to provide our customers with effective, realistic, actionable and measurable solutions across the board. Our solutions based service model combined with our agile Business Process management and BPO capabilities are tailored for organizations of all sizes and geared towards efficiency and affordability. We offer customizable warranties for service deliverables to help reduce risk and cost for our customers.
