

OPERATIONALIZING AI, CYBER, AND DATA FOR MISSION ADVANTAGE

# Delivering **Mission Outcomes** in **High-Assurance Environments**

Ennoble First is a CMMC Level 2 certified small business delivering data, digital modernization, cybersecurity, and AI-enabled mission solutions for the Department of Defense and Intelligence Community customers.

We transform data into operational intelligence.

We accelerate mission execution with agile delivery.

We deliver secure systems built for classified environments.

## PROVEN IMPACT

- ✓ Supporting **100k +** users across DoD networks.
- ✓ Deployed across classified and global environments.
- ✓ Enabled faster decisions through secure, AI-driven data solutions.
- ✓ Supporting TS/SCI-cleared programs in sensitive mission environments.

## PARTNER OF CHOICE

- GSA & IDIQ contract vehicles for rapid access and scalability.
- Flexible teaming models to strengthen your winning strategy.
- CMMC Level 2 certified and built for high-assurance requirements.
- Small business agility with enterprise execution and reliability.

Past performance supporting organizations including:

Trusted across defense, intelligence, and mission-support environments.

Built for the **Mission**.  
 Ready for **What's Next**.

## WHY ENNOBLE FIRST

- Cleared, mission-experienced workforce.
- Small business agility with enterprise execution.
- AI-enabled modernization built for classified environments.
- Proven delivery across cyber, data, and mission systems built for CUI, compliance, and mission assurance.
- Flexible teaming and rapid integration capability.

## CORE CAPABILITIES

### AI & DATA MODERNIZATION

- AI/ML Solutions
- Data Engineering
- Analytics Platforms
- Decision Support

### CYBER & MISSION ASSURANCE

- Zero Trust
- Threat Detection
- Security Engineering
- RMF/Compliance

### ENTERPRISE DIGITAL TRANSFORMATION

- Cloud & DevSecOps
- Systems Integration
- Application Modernization
- Infrastructure Modernization

### MISSION SUPPORT & CLEARED WORKFORCE

- Cleared Talent Delivery
- Program Support
- Training
- Workforce Scaling

## WHO WE ARE

### MISSION FOCUSED

Deep understanding of DoD and IC missions and operational environments.

### CYBER-FIRST APPROACH

Built-in security protecting data, systems, and mission outcomes.

### AI & DATA EXPERTISE

Advanced analytics and automation that accelerate decision-making.

### AGILE & RESPONSIVE

Small business flexibility with enterprise-level execution.

### CLEARED & READY

TS/SCI-cleared professionals with mission experience.

## STRATEGIC MISSION FOCUS

### ENTERPRISE NETWORK MODERNIZATION

Secure, resilient, and scalable networks delivering mission-readiness.

### DIGITAL ENGINEERING & APPLICATIONS

Modern applications and DevSecOps for mission agility and sustainment.

### CYBER & MISSION ASSURANCE

Defend forward with zero trust, threat detection, and continuous monitoring.

### GEOINT & AI ANALYTICS

AI-enabled analytics and data solutions driving real-time mission advantage.

### CERTIFICATIONS & STANDARDS

CMMC LEVEL 2 CERTIFIED  
CMMI SVC ML3 APPRAISED  
CMMI DEV ML3 APPRAISED  
ISO 9001:2015 CERTIFIED  
ISO 20000:2018 CERTIFIED  
ISO 27001:2022 CERTIFIED

### CONTRACT VEHICLES

GSA MAS (Prime)  
GSA MAS (EFMS) (Prime)  
MDA SHIELD (Prime)  
MDA SHIELD (EFIX) (Prime)  
SeaPort-NxG (Prime)

### NAICS CODES

**PRIMARY** 541512 Computer System Design  
**SECONDARY** 517410, 518210, 541330, 541370, 541420, 541511, 541513, 541519, 541611, 541613, 541618, 541690, 541715, 541720, 611420, 611430
