

SEWP VI ORDERING GUIDE

CATEGORY C - MISSION-BASED ITC/AV SERVICE SOLUTIONS

SEWP VI OVERVIEW

NASA Solutions for Enterprise-Wide Procurement (SEWP) VI is a multiple-award Government-Wide Acquisition Contract (GWAC) that provides Federal agencies and approved Federal contractors access to Information Technology, Communications, and Audio-Visual (ITC/AV) solutions and services. SEWP VI supports streamlined acquisition through NASA's established ordering and customer support processes.

CATEGORY C

Category C focuses on mission-based ITC/AV services, including custom computer programming, telecommunications and network operations, ITC/AV engineering and design, data processing and analysis, hosting and related services, ITC/AV management, consulting and educational services, digital government services, and cybersecurity and security systems services.

ENNOBLE FIRST

Ennoble First is a data-centric high-tech solutions and services organization supporting Federal Government missions involving Intelligence, Defense, National Security, Healthcare, and other critical national needs. Through SEWP VI Category C, Ennoble First provides mission-focused technology services aligned to agency operational and program requirements.
